

Please do not allow the CBA to challenge the Ind. Telephone Privacy Law. I get about 5-10 calls a day still from solicitors and they are usually around 5:00pm to 9:00pm in the evenings. Sometimes we get 5 calls within 15 minutes from the SAME solicitor, just because we don't answer our phone they keep calling back every few minutes. It's awful, right when we are trying to wind down from the day and have a meal and relax. If the CBA is allowed and anyone else for that matter, we will soon disconnect our phone and use only cell phones. Until they are allowed to bother us on them too. It's got to stop!!!
